

BECAUSE FAILURE IS NOT AN OPTION®

CQBPS16

The LMT CQBPS16 makes your armorer's job easier.

It's simple and easier to use, with fewer parts to break and less parts to replace. This piston-driven system runs cleaner, runs longer and stays cooler, allowing you to put more rounds on target. This flexible system allows you to make the switch to a 12" SBR version for close quarter needs. BECAUSE FAILURE IS NOT AN OPTION®
